

AUTHORSHIP LIST FOR ADNI PUBLICATIONS

The Data and Publications Committee, in keeping with the publication policies adopted by the ADNI Steering Committee, here provide lists for standardized authorship.

The list consists of two parts: Infrastructure Investigators and Site Investigators.

Infrastructure Investigators will represent the names responsible for leadership and infrastructure. Site Investigators will represent the names of individuals at each recruiting site.

All papers, including methodological papers, should have an authorship list that consists of Infrastructure Investigators plus the FULL list.
